

PT Degreaser

SURFACE CLEANING WIPES

Approved by: ✓
AIRBUS

- Solvent impregnated wipes for surface cleaning and degreasing prior to paint, bond and sealant applications
- Removes grease, oil, carbon deposits, protective coatings, hydraulic and cutting oils
- Non corrosive on metals, plastics, painted surfaces, rubber, electrics and electronic components
- Leaves no residue after complete evaporation
- Measured quantity of solvent per wipe removes risk of excess solvent consumption and allows controlled application, providing reliable cleaning capabilities and evaporation rates
- Controlled evaporation reduces VOC emissions when replacing fast evaporating solvents
- Low odour and toxicity
- Safe replacement for traditional highly volatile hazardous solvent degreasers
- Eliminates the hazardous transport, storage and logistic issues of loose, flammable liquids
- No risk of slips, drips or spills associated with liquid application
- Conveniently packaged and portable for point of use application
- Flat packs suitable for use in vending machines that dispense and monitor consumables, assisting to reduce operator downtime, product usage and costs
- Cloth used is compliant to Boeing BMS 15-5F and AMS 3819C Aerospace Standard for Critical Cleaning Operations
- Approved by Airbus UK under ABP 8-1294 & ABR 9-0140 Type 2
