

# Consumable products for network installation and maintenance

**PT Technologies Europe provides a range of packaged products that offer full solutions for consumables to utility companies, contractors and cable & kit producers engaged in installation, jointing, maintenance and production of cables and accessories.**

#### Products

- HV approved cable cleaning solvents & wipes
- Electrical equipment cleaning & degreasing
- Telecom cable gel removal & accessories cleaning
- Cable pulling & blowing lubricants
- Antibacterial hand cleaning wipes

#### Key benefits

- Industry approved, environmentally responsible cleaning solvents & lubricants
- Efficient & effective cleaning & lubrication

- Impregnated wipes replace loose liquids, spillages & fire hazards
- Reduce worker exposure to hazardous substances
- Antibacterial wipes to protect field personnel
- Convenient, ready to use packaging

#### Key approvals

- AMS 3819C Approved Cloth
- ABB
- Bellcore
- Corning
- Doble Engineering
- Elastimold
- Nexans
- Prysmian/Pirelli
- RTE France
- Südkabel

## Solvent Cleaning Products

**PF Solvent** Solvent and wipes for residue free electrical equipment cleaning and degreasing, cable cleaning prior to jointing and maintenance of cables, switchgear and network equipment. HV approved to 440kV. Dielectric solvent to 39kV. Single wipe solvent and dry wipe sachets available for jointing kits. Cloth approved to AMS 3819C Standard\*

**PF-BR** Extra large, solvent impregnated wipes specifically designed for bitumen removal during electrical operations. HV approved to 440kV. Cloth approved to AMS 3819C Standard.

**PF-QD** Fast drying, odourless solvent and wipes for switchgear and electrical equipment cleaning, degreasing and maintenance.

**d'Gel** Solvent and wipes for the safe and easy removal of gels and blocking compounds from copper and fibre optic communication cables, tools and equipment. Corning, Nexans and Bellcore approved. Cloth approved to AMS 3819C Standard.

## Cable Pulling and Blowing Lubricants

**TECHLUBE is a range of water-based biodegradable, non-toxic lubricants.**

**Techlube HD** Heavy duty lubricant for heavy cables and difficult pulls. Available in buckets and pre-lubricating bags.

**Techlube PHD** Pourable lubricant for lighter cable installations.

**Techlube Multi** All-purpose lubricant. Intermediate viscosity between PHD and HD.

**Techlube FO (Fibre Optic)** Fibre optic and sub-duct installation lubricant with high elasticity for reduced consumption.

**Techlube M** Specially designed lubricant with microspheres for the Telecoms industry.

**CABLE EASE** Specialised blowing lubricant with silicone for low consumption. Designed to maximise installation distance.

## Antibacterial Hand Cleaning

**PF Anti Bac** Antibacterial hand cleaning wipe allows safe and effective waterless hand cleaning in the field. Removes oils, greases, combustion and tar residues. Independently tested and proven effective against Weil's disease and E-Coli (EA Technology Performance Report Available).
